

Congratulations to our 2016 winning teachers who will be attending one of three teacher development programs this summer!

The Georgia-Pacific Foundation strives to support organizations that align with our philanthropic focus areas, especially education and teacher development. We are proud to partner with three organizations offering diverse programs with robust curriculums that support teacher development: Key Issues Institute; Founders Fellowship; Creeks to Coast.

GP facilities were asked to nominate teachers in their communities. We received 62 nominations and 38 teachers were selected (17 for Key Issues Institute, 13 for Founders Fellows and 8 for Creeks to Coast). Congratulations to the teachers and GP sites!

### 2016 Georgia-Pacific Teacher Development Winners

Program	First	Last	School	Grade/Subjects	Facility Name
Key Issues Institute	Allyson	Thomas	Crescent City High School	Junior High Science	Palatka Pulp & Paper Operations
Key Issues Institute	Andrew	Ducharme	Stafford Middle School	7th & 8th grade English	Plattsburgh Mill
Key Issues Institute	Carol	Bredesen	Tipler Middle School	6th grade All Core Subjects (Literacy, Math, Social Studies & Science)	Oshkosh Packaging
Key Issues Institute	Christina	Phillipson	Taylorville Attendance Center	6th grade English & Language (Reading)	Taylorville Plywood
Key Issues Institute	Clara	Short	Hattiesburg High School	10th-12th grade Science	Leaf River Cellulose, LLC
Key Issues Institute	Danna	Lane	Farmington Elementary School	3rd grade Math, Science & Social Studies	Memphis Cellulose
Key Issues Institute	David	Lockett	Murfreesboro City Schools	Middle School Science	Lebanon Sheets
